DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Bonac (4,646,606).

Bonac discloses the same invention including a band saw body (10) having a centerline (Fig. 1), a plurality of unset teeth disposed on the band saw body (4), that each tooth has a body with two outer sides defining a width and a uniform height (Fig. 1), that at least some of the teeth have cutting extensions extending above the height of the tooth body (1), that each cutting extension has two outer sides (Fig. 2), and that the two outer sides define the width of the extension (Fig. 2).

Allowable Subject Matter

3. Claims 2 (3, 4, 15, 16, 17, and 19), 5, 8, 9, 12, and 18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The claims listed in the (brackets) are the claims dependant from objected claim 2.

Response to Arguments

Art Unit: 3724

4. Applicant's arguments with respect to claim 1 have been considered but are moot in view of the new ground(s) of rejection.
